Declaration of operational compliance between IMO's FireRaptor and OutBack Power's products

OutBack Power and IMO are pleased to announce that the following product families from OutBack Power:

FLEXmax 60/80/100 with FLEXware ICS plus

SkyBox 5048

can be used successfully in combination with the FireRaptor from IMO Automation.

OutBack Power has conducted testing and validated the effective performance of the systems together.

Warranties from OutBack Power and IMO will remain valid provided product installation in a photovoltaic system complies with their respective installation and warranty documents
