

Declaration of Conformity for FLEXmax 60 and 80 Charge Controllers

Purpose

The intent of this document is to specify that the OutBack models listed in the Scope below conform to the following standards for PV charge controllers.

Scope

OutBack models covered by this Declaration of Conformity include the following.

- FM60
- FM80

IMPORTANT:

This Declaration of Conformity covers only the models shown above. It does not cover any other related products, including FLEXmax 100 controllers.

Certifications

This product is certified to the following standards:

- UL1741 — Inverters, Converters, Controllers and Interconnection System Equipment for Use With Distributed Energy Resources — Ed: 2, Issued January 2010 with revisions through September 2016
- CSA C22.2 No. 107.1-01, General Use Power Supplies
- IEC 62509:2010 — Battery Charge Controllers for Photovoltaic Systems — Performance And Functioning

I hereby certify that the equipment named above has been designed to comply with the relevant sections of the above referenced specifications. The unit complies with all applicable requirements.
